# QUATECH

A DPAC TECHNOLOGIES COMPANY

Quatech introduces the next generation of PC Card technology with the launch of USB and performance series PCIe-based ExpressCard technology.

Our ExpressCards were first on the market, boasting high speeds and reliable mobile connectivity solutions, enabling a seamless transition from using Serial PCMCIA to a more modular 34/54-sized ExpressCards.

 **Is your laptop ExpressCard ready?**  
 Visit [Quatech.com/expresscards](http://Quatech.com/expresscards) to review a full list of laptop models that are ExpressCard compliant.
